Largo Medical Center's Transitional Year residency program is committed to providing an engaging educational opportunity offering exposure to a wide array of clinical and research opportunities in many fields of medicine and surgery. We pride ourselves in offering a strong balance of didactic experiences through case reports, lectures, journal clubs, board review sessions, and specialty lectures. Our program offers emphasis on bedside teaching and mastery of clinical skills. Largo Medical Center's Transitional Year residency program understands the importance of building a solid knowledge base and clinical foundation to help propel the medical learner into competitive categorical, advanced specialty programs, and research opportunities. The Transitional Year curriculum has been designed to equip the resident with a broad clinical base yet preserve much needed flexibility in meeting individual career goals. Diversity of patients, clinical sites, and clinical exposure is a hallmark of our training program. Our program offers an excellent combination of ambulatory office based learning, hospital based learning, and scholarly activity opportunities.

Our attending physicians are dedicated to maintaining the highest standards in their respective specialty fields, while promoting the most up to date evidence-based practices. Our Transitional Year residency attending physicians take pride in assuring residents' receive the best education and highest quality teaching during this vital academic year. They strive to model, foster, and nurture academic excellence in the medical learner. Attending physicians actively promote protected resident didactic and lecture time to ensure sound uninterrupted learning. One of the aims of our teaching staff is to ensure that resident physicians are active members of the patient care team and have the opportunity to dynamically participate in patient care in order to achieve the competencies of their scope of practice. Core faculty actively participate with residents and medical students in various scholarly activities, including: publications, poster presentations, case reports, quality improvement projects and more.

Our resident physicians acknowledge that they are a crucial part of the patient care team and that they uphold their obligation to place patient care above all things. Residents adhere to the highest standards of our profession and provide ethical and quality health care. Our program promotes an atmosphere in which the resident feels comfortable coming to the attending physicians with questions. They have support from all member of the patient care team. This teamwork model provides the residents with a valuable year of experience.

Sincerely,

# About the Program

The Transitional Year Residency Program located at Largo Medical Center is a Statutory Teaching Hospital designated by the Florida Agency for Health Care Administration (AHCA). Our program is fully accredited by the ACGME and affiliated with the University Of South Florida Morsani College Of Medicine. We are dedicated to meeting the health care needs of the community we serve.

Our residency program and program faculty are committed to maintaining high standards of educational quality. Resident physicians are first and foremost learners. Accordingly, a resident's educational needs should be the primary determinant of any assigned patient care services. Residents must, however, remain mindful of their oath as physicians and recognize that their responsibilities to their patients always take priority over purely educational considerations.

## MedHub

All the residency programs at Largo Medical Center use a web-based, residency management system called MedHub to process evaluations, update vital information as well as submission of timesheets. Additionally, you will upload your lectures to MedHub prior to giving your presentations.

## Evaluations

Both Resident Evaluations of Service and Attending Evaluations of Residents will be completed on MedHub. These must be completed and signed by all required parties and should be submitted within 2 weeks of the end of each block. Only one attending for each service needs to fill out an Evaluation of a Resident (this should be performed by the attending with whom you spend the most time).

## MINI-CEX Evaluations

Residents are responsible for obtaining at least one mini-clinical evaluation exercise every rotation. This should be completed and turned into the program coordinator. The form can be found on MedHub or in the GME office. This will be a resident responsibility to have completed this by end of rotation. This is a way for residents to receive additional feedback regarding their performance on rotations.

## Procedure Logs

Resident Procedure logs must also be kept up to date. These should be completed on MedHub after each procedure performed with proper documentation of attending and senior supervisor. This will make you “signed off” to allow you to perform the given procedure independently and teach other interns.

## Milestones

ACGME has implemented milestones as a framework for determining resident performance within the six ACGME Core Competencies. Essentially, they are competency-based developmental outcomes. Further information can be obtained at the ACGME website.

## Duty Hours

Internal Medicine sign-out is daily at 7:00AM & 5:30PM: ICU sign out is 6:30AM & 5:00PM.

- General Internal Medicine Didactics will be at 12:00 -1:00PM every M-F
- Core Curriculum Didactic Series will be from 1 - 1:30PM every M,T,W
- Cancer Conference occurs the second and fourth Wednesday of every month at 7:30AM.
- Grand Rounds occur on Thursdays at 12:00pm.

The Transitional Year Residency Program provides comprehensive and balanced educational training to prepare residents for advanced residencies in anesthesiology, PM&R, dermatology, radiology, and more. We are dedicated to providing the support and resources needed to become an exceptional physician.

## **Influential Collaboration**

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated research teams to guide residents and fellows through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

**HCA Healthcare Scholarly Commons** is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. It is a collaborative, open access resource developed to discover and showcase our contributions to medical knowledge. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer-reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients.

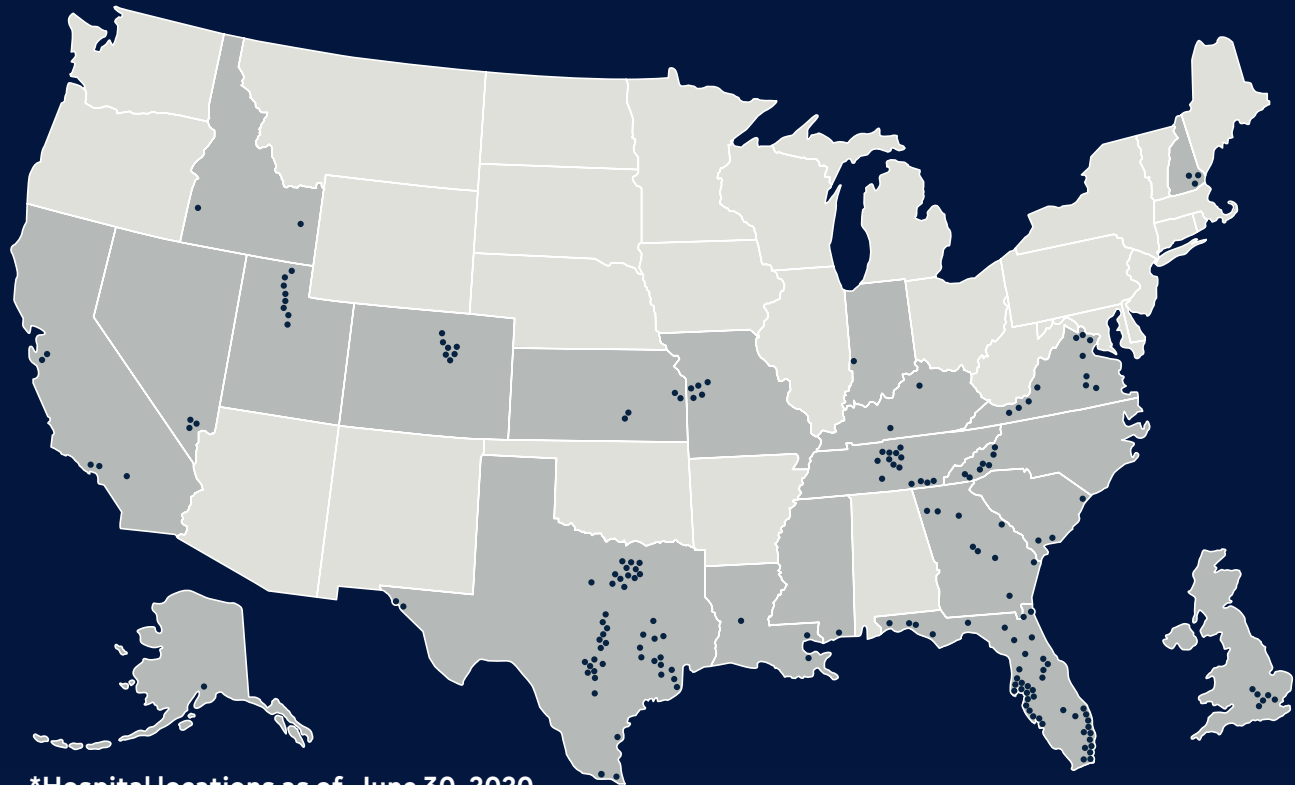

# About HCA Healthcare

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 21 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.
